Survivors in 20 Louisiana Parishes May Now Be Eligible For Federal Disaster Assistance

The U.S. Department of Homeland Security's Federal Emergency Management Agency announced that federal disaster aid has been made available to the State of Louisiana to supplement state, tribal, and local recovery efforts in the area affected by severe storms and flooding beginning August 11, 2016, and continuing.

The President's action makes federal funding available to affected individuals in the twenty designated parishes listed below. Assistance can include grants for temporary housing and home repairs, low-cost loans to cover uninsured property losses, and other programs to help individuals and business owners recover from the effects of the disaster.

Acadia, Ascension, Avoyelles, East Feliciana, Evangeline, Iberia, Iberville, Jefferson Davis, Lafayette, Point Coupee, St. Landry, St. Martin, St. Tammany, Vermilion, Washington and West Feliciana have joined East Baton Rouge, Livingston, St. Helena and Tangipahoa as parishes eligible for federal disaster assistance.

Individuals and business owners in the designated parishes who had severe storm or flood damage may register for assistance the following ways:

- Online at www.DisasterAssistance.gov
- By calling 1-800-621-FEMA (3362)
  - People who have a speech disability or hearing loss and use TTY should call 1-800-462-7585.
  - For those who use 711 or Video Relay Service (VRS), call 1-800-621-3362.
  - These toll-free telephone numbers will operate from 6 a.m. to 10 p.m. (local time) seven days a week until further notice.

FEMA never charges fees to apply for or receive federal disaster assistance. State and federal officials encourage disaster survivors to be alert for scams and report any suspicious activity to law enforcement immediately.

Disaster Recovery Centers Open in Two Parishes for Louisiana Survivors

Disaster recovery centers will open Sunday, August 21, in Tangipahoa and St. Helena parishes to help Louisiana flood survivors. The centers are open 8 a.m. to 6 p.m. every day until further notice.
The centers are at the following addresses:

**Former Parish Tourism Building**
42271 S. Morrison Blvd.
Hammond, La. 70443

**St. Helena Environmental Health Unit**
53 N. 2nd St.
Greensburg, La. 70441

Survivors may locate centers near them at [fema.gov/disaster-recovery-centers](http://fema.gov/disaster-recovery-centers) or by calling the FEMA helpline at 800-621-3362. That information is also available on the FEMA mobile app. Survivors may register at any open DRC, even out of state.

**UPDATE YOUR CONTACT INFORMATION**

You may find yourself frequently moving if you're a survivor of Louisiana’s recent severe storms and floods.

If you’ve had any changes to your contact information it’s important to let FEMA know so the disaster assistance process stays on track.

FEMA may need to contact you to schedule an inspection or to get additional information to help process your application. That’s why it’s important to let them know as soon as possible if you’ve moved or have a new phone number.

Assistance provided by FEMA for homeowners and renters can include grants for rent, temporary housing and home repairs to their primary residences, as well as other serious disaster-related needs, such as medical and dental expenses or funeral and burial costs.

**LOW INTEREST LOANS FROM THE SMALL BUSINESS ADMINISTRATION**

Low-interest disaster loans from the U.S. Small Business Administration (SBA) also may be available to help individuals and business owners recover from the effects of the disaster. SBA helps businesses of all sizes, private nonprofit organizations, homeowners and renters fund repairs or rebuilding efforts and cover the cost of replacing lost or disaster-damaged personal property. The loans cover losses not fully compensated by insurance or other recoveries and do not duplicate benefits of other agencies or organizations.

Residents and business owners should apply as quickly as they can, even if they have insurance. FEMA cannot duplicate insurance payments but underinsured applicants may receive help after their insurance claims have been settled.

Residents are urged to contact their insurance company first to file their flood insurance claims. For flood insurance policyholders who may have questions, FEMA has streamlined its process to better service claims and answer questions. Policyholders may call 1-800-621-3362 Monday through Friday from 8 a.m. to 6 p.m. and select Option 2. Call center staff are available to assist policyholders with information regarding their policy, offer technical flood guidance to aid in recovery, and respond to general as well as complicated questions about the NFIP. Policyholders with questions specifically about an insurance claim can be transferred to their insurance carrier for additional assistance. It’s important to note that FEMA disaster assistance checks cannot be forwarded. If you cannot access your home address, you can request the postal service to hold your mail. You can also have the funds sent via direct deposit to your financial institution.

The U.S. Small Business Administration is the federal government’s primary source of money for the long-term rebuilding of disaster-damaged private property. SBA helps businesses of all sizes, private non-profit organizations, homeowners and renters fund repairs or rebuilding efforts and cover the cost of replacing lost or disaster-damaged personal property. These disaster loans cover losses not fully compensated by insurance or other recoveries and do not duplicate benefits of other agencies or organizations. For more information, applicants may contact SBA’s Disaster Assistance Customer Service Center by calling (800) 659-2955, emailing disastercustomerservice@sba.gov or visiting SBA’s website at SBA.gov/disaster. Deaf and hard-of-hearing individuals may call (800) 877-8339.
