Situational Awareness Report 28 March 2016 As of 4:00 p.m.

State EOC Activation Level: Crisis Action Team (CAT)

WebEOC Incident: 16-006 Severe Weather — Statewide — March 8-11, 2016

State Declaration: 30 JBE 2016 State of Emergency – Severe Weather

Federal Declaration: FEMA – 4263-DR

Situation: A strong upper level storm system brought showers and thunderstorms from west to east across most of the State. Heavy rainfall, flash flooding, river flooding and damaging winds were the main threats associated with this front. Please stay tuned to your local National Weather Service for the latest information.

North Louisiana: No hazardous weather is expected today or tonight. Showers and thunderstorms will increase from west late Tuesday night but especially during the day Wednesday into Wednesday night across the four state region. During this timeframe, there is a slight chance for severe thunderstorms across the entire region. Large hail, damaging thunderstorm wind gusts...
