Louisiana Survivors Can Get FEMA Rebuilding Advice at Area Home Improvement Stores

 Baton Rouge, La. — As Louisianans repair or rebuild their homes damaged by August floods, FEMA and local hardware and home improvement stores have teamed up to provide free information, tips and literature on making homes stronger and safer.

FEMA mitigation specialists will be on hand to provide information at area Home Depots from Aug. 25 through Sept. 10. They will be available to answer questions and offer home improvement tips and proven methods to prevent and lessen damage from future disasters. Most of the information is geared for do-it-yourself work and general contractors.

FEMA advisors will be on hand at information centers in these stores 7 a.m. to 7 p.m. daily.

Free reference booklets, in English and Spanish, with information on protecting your home from flood damage, will be available at all locations. More information about strengthening property can be found at [FEMA.gov/what-mitigation](http://www.fema.gov/what-mitigation).
