State Issues Boil Advisories in Response to Hurricane Isaac:

Baton Rouge, La. - The Louisiana Department of Health and Hospitals is issuing boil advisories for the following systems in response to Hurricane Isaac:

- Schriever Water System (Terrebonne Parish) - interruption in water treatment facility
- St. John Water District #1 (St. John the Baptist Parish) - system flooded
- Dalcour Water System (Plaquemines Parish) - system flooded
- Port Sulphur Water System (Plaquemines Parish) - system flooded
- East Point-A-La-Hache Water System (Plaquemines Parish) - system flooded

Customers of a water system that is under a boil advisory should disinfect it prior to consumption until notified the system is restored and the advisory is lifted. People whose water system is under a boil advisory should disinfect water prior to drinking it, cooking with it, brushing teeth or preparing food using one of the following methods:
