GOHSEP SPECIAL EVENTS REPORT AS OF 2000 HOURS 31 AUGUST 2012

STATE EOC ACTIVATION LEVEL: Level 2

As of 2000 hours, NWS/NHC is reporting on three systems in the Atlantic-Caribbean-Gulf of Mexico basin. These systems are:

- Hurricane KIRK, projected to remain out in the Atlantic
- Tropical Depression LESLIE, projected to remain out in the Atlantic
- The latest track models for these two systems can be seen at the links above.

Neither of these systems will pose a threat to Louisiana.
