GOHSEP SPECIAL WEATHER REPORT 22 February 2015

STATE EOC ACTIVATION LEVEL: CAT

SITUATION: A strong cold front from the north with widely scattered showers will be moving through the area tonight into Friday. Considering the temperature trends and precipitation coverage, residents are urged to continue monitoring the latest statements and forecasts for additional information on this coming hazardous weather event.

FORECAST for LOUISIANA

Southeast Louisiana: There is a chance of a freezing rain Monday into early Tuesday morning in Louisiana. Residents should pay particular attention to road conditions early Tuesday and monitor any updates, particularly any adjustments in the potential area susceptible to freezing rain.
